## 1. Background Information

### About the school

- 1.1 Eveline Day School is an independent day school for male and female pupils from ages three to eleven. It is situated in a large Victorian detached house close to the underground station at Balham. The school is a family business founded by the proprietor's parents in 1992 and is governed by the proprietors through the management board of the broader group of seven nursery schools, including registered settings. During lockdown an additional cabin classroom has been located in the playground.
- 1.2 During the period March to August 2020 the whole school remained open only for children of key workers.
- 1.3 During this period of closure, the school provided remote learning materials for all pupils.
- 1.4 In the interests of infection control during the COVID-19 (coronavirus) pandemic, inspection evidence was gathered partly remotely and partly on-site to reduce contact within the school setting.
- 1.5 In line with the direction given by the Department for Education (DfE) at the time, no evaluation has been made of the nature or effectiveness of any provision made during the period March to August 2020, including its impact on pupils' learning, achievement or personal development. Any concerns relating to pupils' welfare during this period which directly relate to measures implemented by the school have been considered.
- 1.6 During the lockdown period of January to March 2021, all pupils other than the children of key workers or vulnerable pupils received remote learning provision at home.
- 1.7 Since 2020, EYFS profiles have not been externally moderated.

### What the school seeks to do

- 1.8 The school aims to offer a love of learning from the start of school life, giving every child the knowledge, skills and passion to be the very best that they can be as learners and global citizens. It hopes to ensure equal access to learning, with high expectations for every pupil and appropriate levels of challenge and support.

### About the pupils

- 1.9 Pupils come from a range of backgrounds, mostly families living within the locality of the school. Data provided by the school indicate that the ability of the pupils is above average compared to pupils taking the same tests nationally. The number of pupils requiring support for special educational needs and/or disabilities (SEND) is 22. They require support with a wide variety of needs, including dyslexia. Two pupils have education, health and care plans (EHC). A further 15 pupils have English as an additional language (EAL), of whom 11 require additional support. The school has identified 14 pupils as being most able and talented and the curriculum is modified for them.

## 2. Regulatory Compliance Inspection

### Preface

The Independent Schools Inspectorate (ISI) is approved by the Secretary of State to inspect schools which are, or whose heads are, in membership of the associations which form the Independent Schools Council (ISC) and report on the extent to which they meet the Independent School Standards ('the standards') in the Schedule to the Education (Independent School Standards) Regulations 2014. Additionally, inspections report on the school's accessibility plan under Schedule 10 of the Equality Act 2010 and the ban on corporal punishment under section 548 of the Education Act 1996. Inspections also comment on the progress made to meet any compliance action points set out in the school's most recent statutory inspection.

ISI inspections are also carried out under the arrangements of the ISC Associations for the maintenance and improvement of the quality of their membership.

**This is a COMPLIANCE ONLY inspection and as such reports only on the school's compliance with the standards.** The standards represent minimum requirements and judgements are given either as **met** or as **not met**. All schools are required to meet all the standards applicable to them. Where the minimum requirements are not met, this is clearly indicated and the school is required to take the actions specified.

Inspections do not include matters that are outside of the regulatory framework described above, such as: an exhaustive health and safety audit; compliance with data protection requirements; an in-depth examination of the structural condition of the school, its services or other physical features; contractual arrangements with parents; an investigation of the financial viability of the school or its accounting procedures.

Inspectors may be aware of individual safeguarding concerns, allegations and complaints as part of the inspection process. Such matters will not usually be referred to specifically in published reports in this document but will have been considered by the team in reaching its judgements.

Links to the standards and requirements can be found here: [The Education \(Independent School Standards\) Regulations 2014](#), [Early Years Foundation Stage Statutory Framework](#).

**Covid-19: Inspection judgements do not cover the period March to August 2020 inclusive.**

## Key findings

### 3. Inspection Evidence

- 3.1 The inspectors observed lessons, conducted formal interviews with pupils and examined samples of pupils' work. They held discussions with members of staff and with the proprietor, observed a sample of the extra-curricular activities that occurred during the inspection period, and attended an assembly. Inspectors visited the learning support and educational resource areas. The responses of parents, staff and pupils to pre-inspection questionnaires were analysed, and the inspectors examined curriculum and other documentation made available by the school.
